PROJECTS

BlinkExam Candidate Panel UI

Features:

- Registration & Test-Taking: Candidates can register and attempt tests.
- Test Templates: Supports four types of test templates – GATE, IIT, Default, and Custom.
- Reports & Certificates: Candidates can view detailed test reports and download certificates.

Role: Front-End Developer & UI Designer

Technologies: HTML, CSS, Bootstrap, JavaScript, jQuery, Fetch API

Responsibilities :

- Developed and designed the candidate panel with a responsive and user-friendly UI.
- Optimized the UI for parents' access, allowing them to view most features except reports.
- Focused on cross-browser compatibility and mobile responsiveness for a better user experience.

BlinkExam Admin Panel UI

Features:

- Test Management: Create and manage tests with different templates.
- Dynamic Student Registration: Configure and manage student registrations dynamically.
- Certificate Management: Define different types of student certificates.

Role: Front-End Development and UI Design.

Technologies: React JS v18.0, Material UI, Fetch API

Responsibilities:

- Developed and designed the candidate panel with a responsive and user-friendly UI.Developed the admin panel using React.js and Material UI, ensuring a modern and intuitive UI.
- Designed and implemented course creation, template selection, and batch management pages.
- Utilized Fetch API for dynamic student registration configuration.
- Implemented certificate management to support multiple certificate types for students.

  63%

Personal Project

HRM (Human Resource Management) System

Features:

A full-stack HR Management System enabling organizations to manage employee data, attendance, leave approvals, payroll, and performance reviews through a centralized platform.

Technologies:

- HTML5, CSS3, Tailwind css
- JavaScript / React.js
- Node.js / Express.js / MongoDB
- JWT Authentication
- REST APIs
- Git & GitHub

KeySkill – Typing Practice & Exam Preparation Platform

Features:

Developed a SaaS-style typing practice platform with exam-pattern tests, Hindi & English support, and subscription-based feature control. Implemented admin-managed content, pricing plans, performance analytics, and optimized UI for real-world usage.

Technologies:

- HTML5, CSS3, Tailwind css
- JavaScript / React.js
- Node.js / Express.js / MongoDB
- JWT Authentication
- REST APIs
- Git & GitHub
